

Earth Day: Sharing Resources that Build Climate Literacy and Promote Sustainable Use of Natural Resources

To celebrate Earth Day, join us for a discussion on tools and resources that build climate literacy and promote the sustainable use of natural resources. Learn how these tools and resources can be used on working and non-working land across Louisiana to better understand and create resilience to climate and weather related challenges. Discuss best management practices and adaptation strategies that can be implemented to promote sustainability across the natural resources sector.

Featured Speakers:

Cameron Clay

Oak Ridge Institute for Science and Education Fellow
USDA Forest Service — Office of Sustainability and Climate

1.0 Sustainability CEU Approved through the Certified Crop Adviser Program

April 22nd 12:00-1:00 pm CST (1:00-2:00 pm EST)
